

COLOR ME

The brain is responsible for your thoughts and feelings.

In the brain:
Draw a picture of what you like to think about.

Color in the face

Unscramble each of the clue words.

Take the letters that appear in boxes and unscramble them for the final message.

Addiction & the Brain Puzzle

Brain Maze

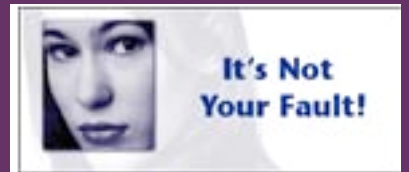

**Travel
Through
the Maze.**

**Start at the
top and
end at the
bottom.**

The Brain is like a Maze

**When people
use alcohol it
causes their
thoughts and
feelings to
change. They
sometimes act
differently from
how they
usually do. The
alcohol causes
these changes,
not you. It's not
your fault.**
