

COA AWARENESS WEEK 2020

FEBRUARY 9 - 15

COA Awareness Week recognizes the challenges for kids and teenagers impacted by a parent's struggle with addiction, and celebrates the healing of thousands of children supported by caring adults.

HELP MAKE A DIFFERENCE THAT CAN LAST A LIFETIME!

Addiction continues to be a national health epidemic. 1 in 7 individuals will struggle with addiction at some point during their lives. Many of them are parents.

Children living with parental addiction are vulnerable to the pain, isolation, and fear every single day. **But it doesn't have to be that way!**

With the right support, children can begin to heal. With appropriate services, children can learn how to live without shame. With hope, resiliency is possible.

kids can recover
