

COA AWARENESS WEEK

FEBRUARY 11 - 17, 2024

1 in 4 kids and teens live in families impacted by parental addiction. They are so often the first hurt and last helped, yet the impact of living in a household with addiction can be lifelong. They are desperate for the support and understanding that can bring hope and healing.

COA Awareness Week honors the struggle of children dealing with the disease of addiction in their families and empowers caring adults who want to help them. Together, we can make a difference to last a lifetime!
